

Dear Aztec Fans,

Crew is a sport that offers student athletes the opportunity to expand both their physical and mental boundaries. Between 5:00 AM practices on the water, weight training sessions in the afternoon, and further conditioning in the evening, the team teaches life skills required for success, and prepares students for the future like no other sport. San Diego State Crew has a storied history - beginning in 1925 - of athletes and their victories both on and off the water.

Participating as athletes within a club sport requires not only the athletic efforts of D1 crews, but additional energy allocated to raising the funds necessary to compete at the highest level. Despite being a club sport, our team competes against D1 teams on a regular basis including: UCSD, USD, UCLA, CAL, and Gonzaga. With a goal of \$50,000 to help prepare our team for the months ahead, your donation aids in getting your Aztecs to regional and national races that aren't possible without your help. Any donation allows Aztec Rowing to be a crew that doesn't miss out on the opportunity to compete.
